# An uNParalleled Career Begins Here

Launch your career with specialized training and mentorship through UNMC's Nurse Practitioner (NP) Residency Program, a uniquely designed initiative to transition new NPs into primary care clinics.

# HELPING NURSE PRACTITIONERS ACCLIMATE TO A CLINIC AND COMMUNITY CAN BETTER EQUIP THEM FOR LONG-TERM SUCCESS. THIS IS WHY UNMC IS OFFERING A RESIDENCY PROGRAM UNLIKE ANY OTHER.

uNParalleled is designed to nurture and support nurse practitioners through additional knowledge and mentorship. You will be connected to a clinic and given additional support for managing medically and socially complex patients. This innovative program is created specifically for: FNP, WHNP, PNP, or AGPC graduates.

## BE PART OF AN EXCLUSIVE GROUP OF NPs

This one-year residency program connects you with a primary care clinic and thoughtfully immerses you into its operations with the intention of full time, permanent employment following the residency.

- Bring your knowledge and skills to a clinic that serves medically and socially complex patients.
- Gain additional support from UNMC to maximize your experience, benefitting patients and team members alike.
- Get to know a community on a deeper level, including local businesses, community members and others.
- Be part of an exclusive group of NPs who will have an opportunity to influence UNMCs Nurse Practitioner Residency.
